SUBJECT.

Tank beds given out for Cultivation in the several districts

Correspondence with Judges Dis

W D 88—GPB—50,000—24-7-16

(E) Submitted.

GOVERNMENT OF MYSORE

The papers in this file have been arranged into 5 sections, commencing from A and ending with E.

Section A is in regard to the grant of certain lands for cultivation in the bed of the Kodagihalli Tank in the Kunigal Taluk. In this section there is a reference from the Chief Engineer, which has not been replied to. The Chief Engineer forwards for disposal a petition from Javara & others complaining of the grant of the land for cultivation in the bed of the tank in question. On a petition presented direct to Govt by the said petition on the same subject, final orders have been passed by Govt, refusing to interfere in the matter. May the Chief Engineer be referred to the Endorsement issued to the Petitioners?

Letter No. 1351 dt 8.3.98.
Serial No. 11

Serial No. 10.

That was also a petition addressed to Govt by them & the D.P.W. which was returned for disposal of the matter

Next, we are directly concerned

Nothing further need be done

C.

concerned with Section E, ~
regarding tank-beds given
out for cultivation in the
several Districts.

In G. O. No. 7338-46 [×] - R 2451
of 14. 2. 1897, the Dy Commrs
of Districts were requested
to submit statements ~
showing cases of the creation
of occupancy rights in
tanks beds in their District.
Information has been received
from the Districts and a
consolidated statement has
been prepared and submitted
herewith.

The Dy Commr. of Tumkur,
when submitting [×] the statement
for his District except the Taluk
of Maddigiri, stated in the
remarks col: of the statement
that 4 - 35 [A G] in the bed of the
Halkurke Amanikere and
12 - 8 [A G'] in the bed of Hosakere
tank, in the Tiptur Taluk,
were granted for cultivation
permanently and that the
circumstances were to be
further enquired into. In this
Office docket No. 1733/R578 of 26th
August 1899 the records

Serial No. 1 of Section E.
For the original order
vide serial No. 4 of Section
D.

× No. 452 of 14. 1. 99.
Serial No 21 of Sec. E.

connected with the grant of these lands were called for. The vernacular records are now submitted with his No. 787 of 12. 4. 1900. These papers show that —

Vide ver: papers to which slips are attached.

(1) Sur: No. 4, measuring A 2. G 17, ~~on~~ in the bed of the tank in question was given out for cultivation on the Dy Comr's authority; in 1882; and that

(2) Sur No. 5, measuring A 2. G 25, in the same bed, was given out for cultivation on the Amildar's authority in 1893. The total of these two lands is A 5 – G 2; but the total as shown in the Statement is only A 4. G 35. Perhaps the extent of Sur: No. 4 has been wrongly entered in the statement. These two lands have been granted without any time for relinquishment being specified and without any condition.

I should think the blame lay with the Survey deptt in marking off Survey numbers in the beds of tanks.

The A 12 – G 8 in the bed of the Hosakere Tank has been granted in 1884-85 on condition of its being ~~relin~~ relinquished when the tank is repaired and on the authority of the Dy Comr.

Is this also a Survey number

The orders of Govt conveyed
conveyed in para 2 of
Pro: no: 7338-43
Dated 14th Feby 1897
(paper serial no 1 Sec E)
are peremptory — No
private rights of any
kind should be allowed
to spring up within the
bed of tanks in action -

With the object of
finding out what
rights the Ryots have
already been allowed
Deputy Comrs were required
to submit statements
in the form prescribed
by the Order of 14th
Feby 1897.

As will appear
from the consolidated
statement prepared
& put up, lands
have been given out
in the Districts of
Bangalore, Kolar,
Tumkur & Kassan
only.

Bangalore District —
The lands given out
are for temporary
Cultivation.

The Circumstances
under which the

As certain if there
are Survey numbers
made inbaruch by
the Survey dept at
the time of Survey?

These are all shewn to be temporary - Call for particulars of conditions.

lands were given out for Cultivation and upon what conditions have not been stated in all the cases Except one - Serial no 17 in the Consolidated list.

Kolar District; There are two cases. The grant in the first case is temporary & subject to conditions specified. In the 2d case, the lands have been ~~Case~~ ordered to be acquired outright & the matter is stated to be under Correspondence.

Tumkur District; The no of cases in this District is the largest. Lands have been given out both for temporary & for permanent Cultivation. Some of the lands under temporary Cultivation are subject to the Condition of being given

fort. The area of
2 acres 2 25 gunthas
in the Jeppur Taluk
(serial no 47) appears
to have been given out
for permanent cultivation
on the Amildar's
authority.

Hassan District;

There are two cases
of permanent
occupancy but
they are breaches
Kattes - The other
cases are temporary.

The attention of
the Revenue may
again be drawn
to the Orders of 1897
with instructions
to see that occupancy
rights being put an
end to or acquired
by the grant of other
lands & a final report
submitted to Govt.

This is one of the old
files which were with
the Head Asst. The other
will be submitted shortly

Secretary

I am glad that the arrear
list is being got through.
It was a mistake to have
entrusted any such
papers to the Head
Accountant who is
rather a useless

514

Submitted, etc.

The consolidated list with the Departmental reports may be forwarded to the Chief Engineer & Secretary to Govt for an early expression of opinion as to whether it is, in the interests of the lands concerned, desirable that all or any of the lands therein mentioned should be resumed or re-acquired. When replying, orders on his recommendation an absolute prohibition against future grants of the kind may be reiterated.

Draft subd.

(note Cont'd.)

The Chief Engr. was written to × as directed above. He considers ⊗ it desirable to acquire all the lands which have been given out for cultivation in tank-beds, whether they get submerged for a short or a long time, the object being to prevent (1) further gradual encroachment on beds and (2) any reduction in the capacity of tanks, which is caused by manuring and otherwise improving the lands. He thinks that the General rule prohibiting the grant of tank beds for cultivation is to be applied only to tanks in action, as well as to such breached tanks as have not been finally abandoned; and that the beds of the latter class of tanks may be given out for cultivation temporarily for one year at a time, on condition that no cocoanut

× No. 6936 / R.2406 of 7.3.01 (Sl no 31 in Section E.

⊗ No. 2253 of 22.4.1901

or other permanent gardens will be raised thereon. Para 10 of Rule XX. and the Order of 14th Feb: 1897 deal with beds of tanks in action & the directions therein given are explicit. Para 11 of the Lawe Rule refers to beds of breached tanks —

The only point for orders is, whether all the lands, which have been given out either for temporary or permanent cultivation may be acquired as suggested by the Chief Engr. Compensation may have to be paid for the acquisition of lands which have been given away unconditionally.

Submitted
Secretary
11/5/01

Please let me know where these Sukkere lands

Lands in the Bulekere lands bed are
Not included in this list

are included. I remember a special order was passed about them not being required to be resumed. Please put up that reference and submit to the 1st Councillor. Wherever Compensation has to be paid I do not consider it worth our while to acquire the lands. We may wait till they are thrown up. Exceptional Cases there may be in which acqn even with payt of Compn may be advisable. I would call for Special reports and deal with such Cases separately.

"By Order"

Secretary.

GOVERNMENT OF MYSORE

No.7999-48--F.2451. Dated, Bangalore, 14th February 1897.

Order.- It is a long established and well understood rule that no private rights of any kind should be allowed to spring up within the beds of tanks in action, but it is believed that local Revenue authorities have, notwithstanding, sometimes allowed themselves to be persuaded to grant occupancy rights within tank beds.

2..This cannot be tolerated. It will cause infinite mischief. When once an exception is made, applications will come in from all sides for a similar concession. The rule must, therefore, be strictly enforced as a hard and fast one, and any departure from it should be forthwith cancelled as illegal and opposed to para 10 of Rule XX of the Mysore Land Revenue Rules, and severe notice taken of the conduct of the Officers concerned.

3. Under the rule cited above, the Deputy Commissioner may, in exceptional times of drought, allow the cultivation of dry tank beds for a season, but this should be done wholly upon public grounds and when actual drought exists.

4. It has been brought to the notice of Government (1) that in the bed of the Iyamagondlu Hirikere tank in the Nelamangala taluk, a large slice of land was granted for occupation to one Puttegowda in 1892, and (2) that the Chief Engineer's permission was obtained by the Deputy Commissioner of Bangalore in December 1896, for the cultivation of the Bhadrankere bed, the circumstances which led to such action on the part of the Deputy Commissioner are being enquired into. The Deputy Commissioners of Districts are requested to report at once whether there have been similar cases of the creation of occupancy rights in tank beds in their districts, and, if so, to submit information in the accompanying form regarding them.

Deputy Commissioner's office
Dated. Hassan, 4th June 1897

Offg. Deputy Commissioner
Hassan District.

Statement showing the particulars of beds of breached tanks given out for cultivation in the Belur Taluk

Hassan District

Serial No.	Name of the Taluk	Name of the village	Name of the tank	Extent of the tank bed given out for cultivation		Cultivation whether temporary or permanent	When, under what circumstances and on what authority, the cultivation was permitted.	How long in a year the land so granted remains under water	Remarks.
14	Belur	Rajnahalli	Heggadikatte	36	24	Temporary	The bed was given out for cultivation in Sarva Jithu, 1887-88, to one Krishnappa bin Rangappa on condition the bed when the tank is to be repaired of relinquishing as per Deputy Commissioner's order No. 933/721		The tank was a breached one and so the bed was given out for cultivation.
48	Belur	Ballur Hosahalli	Bagane katte	24		Permanent	As per Deputy Commissioner's order No. 171/203 Dated 13th August 1896, the bed was given out for cultivation for Durmukhi 1896-97, by a public sale, as the katte was found to be useless.		The bed was given out for cultivation after it was duly accessed, as no water can stand in it, and as there is a good katte higher up to supply enough of water for the lower fields.

Deputy Commissioner's Office
Hassan District

Asst. to
Offg. Deputy Commissioner

No. 1911
Enclosure No. —

DEPUTY COMMISSIONER'S OFFICE,
MYSORE DISTRICT,
Dated 25th June 1897.

To

The Secretary to the Government of Mysore,
Revenue and General Departments.

SIR,

With reference to Government Order No. 7338-46 / R. 2451 dated the 14th February 1897 calling for a report as to whether there are any cases of the creation of occupancy rights in tank beds, and subsequent reminder No. 9683-88 / R 3184 dated 1st May 1897, I have the honor to state that no cases of the kind are said to exist in any of the talugs. Portions of certain tank beds in the Chamarajanagar and Nanjangud Taluks were, however, given out for cultivation temporarily for a season on account of the partial failure of the North East monsoon, under Government Order No. 1—D dated the 9th November 1896.

I have the honor to be,
Sir,
Your most obedient Servant

Deputy Commissioner

t circumstances thereby the permitted	Howlong in a year the lands so granted remain under water. — 8	Remarks. — 7
Column 5 became by the improvements Tank Department the lands did with them but the same in their and to cultivate eded. A reference Executive Engineer's docket No 67 1896 (Copy enclosed) o might be per- in possession	When the tank fills and discharges, the lands in question remain under water for a month.	This is not strictly a case in point, as no right had been claimed to be acquired in the old bed. In connection with the claim of the Infatdhi Kanyenguttadar for remission of Gutta, the question came up before Government who in Proceedings No 3105-6 dated 21.9.97 ordered that all the lands liable to submersion should be acquired outright and the question is now under correspondence
A portion of the land in question is 162 acres remains under water for 150 or 20 days when the Kodi discharges —		The land in dispute was in occupation but had been brought under Kharab. On the application of the Kadagi dar he was permitted in this office order No 2464 dated 12th June 1888 to cultivate it on condition of giving up the same without Compensation in the event of it becoming liable to submersion by the improvement of the tank eventually.

CENTRAL OFFICE,

No. 2253 Bangalore, 22? April 1889

From

The Chief Engineer of Mysore,

To

The Secretary to the Govt. of Mysore,
General and Revenue *Departments*

6936

Sir,

Adverting to your No 9636/R2406 of the 7th March last, forwarding papers relating to tank-beds given out for cultivation in the several Districts, for my opinion as to whether it is in the interests of the tanks concerned desirable that all or any of the lands therein mentioned should be resumed or reaquired, I have the honour to inform you that it is very desirable to acquire all the lands given out for cultivation in beds of tanks, whether they get submerged for a short or a ~~large~~ long time, the object being (1) to prevent further gradual encroachment on beds, and (2) to prevent any reduction in the capacity of tanks, It is an admitted fact that by manuring and otherwise improving the lands in beds of tanks, their levels are gradually raised, which tends, though to a small extent, to diminution of capacities. This rule may be applied only to tanks in action, and also to such breached tanks as have not been definitely abandoned, which might, therefore, be restored eventually as funds become available. Meanwhile, the beds of the latter class of tanks may be given out for cultivation temporarily say for one year at a time, - on the condition that they are not utilized for cocoanut plantations or other permanent gardens. It is very desirable that no private rights of any kind should be allowed to spring up within the beds of all such tanks, and the rule should be strictly enforced

as a hard and fast one. In years of great scarcity however, it would be a hardship to prohibit entirely the cultivation of Tank beds, and special exemptions may then be granted.

II. Enclosures are returned.

I have the honour to be,

Sir,

Your most obedient servant,

W. W. Hutchins

Offg Chief Engineer of Mysore.

Proceedings of the Government of Bombay

Read again:—

Government Proceedings No. 423/R166 dated 16th July 1898 regarding land assessed acquisition within the Contour line of waterspread of the Tulakere tank in the Bhadravati Taluk.

Read:—

Correspondence ending with letter No: 4,80-379, dated 17th December 1898, from the Deputy Commissioner, Shimoga District, recommending the Government Proceedings No. 7338-46/R2451 dated 16th February 1897, laying down that no private rights of any kind should be allowed to spring up in the beds of tanks in action, be not enforced in the case of lands already under occupation in the bed of the tank in question.

Order thereon No. 6133/R2914
Dated, Bangalore 3rd March 1899.

On a careful consideration of the facts of this case, Government are of opinion that it is sufficient if the instructions conveyed in the Proceedings of the 16th July 1898 read

above, be given effect to; in other words
) no new applications for lands in the
bed of the banks in question should
be entertained; (2) lands now
under occupancy in the bed of the
bank but which may hereafter be relin-
quished, or otherwise reverting to
Government should not again be
sown out for cultivation and (3)
need be no compulsory resump
on or acquisition of the lands already
under occupation.

615-128	14-8-99	Do — Kolar Do —

Also:- Letter No 2253 dated 22d April 1901, from the

stating that it is desirable to acquire all the lands which have been given out for cultivation in tanks beds, that the general rule prohibiting the grant of tank beds for cultivation is to be applied only to tanks in action as well as to such breached tanks as have not been finally abandoned, and that the beds of the latter class of tanks may be given out for cultivation temporarily for one year at a time on condition that no cocoanut or other permanent gardens will be raised thereon.

Order thereon:—

In this connection, the attention of the Dy Commrs is drawn to Rule 16 of the new Land Rev: Rules published under Notfn: No. 264 dated 10th July 1901, which Q·122 should be strictly followed in all future grants of lands for

tanks in action. / But in those cases in which such tank beds have been already given out for permanent cultivation unconditionally, the Dy Commr should, in consultation with the Ex: Engr decide once for all whether the acquisition of any of them is ~~advisable~~ necessary in the interests of the tanks concerned, and if necessary, take steps to acquire them on payment of compensation. The lands when acquired should be treated as "Kharab", the assessment thereon being written off the accounts.

If in any case, the lands have been given out for temporary cultivation subject to their being relinquished by the grantee without any claim for compensation whenever they are required by Govt, ~~the cultivation of~~ such lands ~~subject to the restrictions laid down in Rule 6 of the new L. Rev. Rules~~, may be ~~allowed to continue till~~ resumed at once ~~and~~

Cases of this kind will be few and previous sanction of Govt may be obtained before these lands are actually acquired.

Meanwhile the lands granted permanently should be carefully recorded in the village accounts and when they revert to Govt. by relinquishment or failure to pay assessment they should forthwith have the assessment taken off and shown under Kharab.

occupants if the Ex: Engineer considers their cultivation is

~~Land~~ treated as aforesaid; ~~they are required to be petitioned~~.

2. As regards lands in the beds of breached tanks, whether already granted or to be hereafter given out for cultivation, they are liable to be resumed under para 2 of Rule 16 of the new Land Rev: Rules, without payment of any Compensation, whenever such tanks are taken up for repair.

Or other cases, where [illegible] of Compr^n may become necessary for acquisition, the lands need not be acquired at present. But whenever the occupancy thereon ceases, they shd not be again given out for cultivation.

the Govt observe that

It is presumed that all the ~~members~~ granted lands shown in the statements received from the depts are comprised in survey numbers formed by the Survey deptt at the original survey or subsequently on the requisition of the deputy Commrs. It is ~~desirable when dealing with lands in the contour line of a tank to intimate~~ D^y Commrs should, in dealing with applications for lands within the contour line of tanks unhesitatingly refuse to entertain them whether they are already comprised in survey numbers or are proposed to be formed into survey numbers. They will also

615-128	14-8-99	D.C. Kolar "

Also:- Letter no 2253 dated 22d. April 1901 from the Chief Engineer in Mysore, Stating

that it is desirable to acquire all the lands which have been given out for cultivation in tank beds, that the general rule prohibiting the grant of tank beds for cultivation is to be applied only to tanks in action as well as to such breached tanks as have not been finally abandoned, and that the beds of the latter class of tanks may be given out for cultivation temporarily for one year at a time on condition that no cocoanut or other permanent gardens will be raised thereon.

Order thereon:—

In this connection, the attention of the Dy Commrs is drawn to Rule 16 of the new Land Rev: Rules published under Notfn No 264 dated 10th July 1901, which should be strictly followed in all future grants of lands for cultivation in the beds of tanks in action. 2.122

2. But in those cases in which such tank beds have been

5123

No. R. 1115—24 & 3/9/01
R.F. 29-1900.

cultivation unconditionally, the Dy Commr should, in consultation with the Executive Engineer, decide once for all whether the acquisition of any of them is necessary in the interests of the tanks concerned, and if necessary, take steps to acquire them on payment of Compensation. Cases of this kind will be few and previous Sanction of Govt may be obtained before the lands are actually acquired. The lands when acquired should be treated as "Kharab", the assessment thereon being written off the accounts. Meanwhile, the lands granted permanently should be carefully recorded in the village accounts, and when they revert to Govt by relinquishment or failure to pay assessment, they should forthwith have the assessment taken off & be shown under Kharab.

3. If in any case, the lands have been given out for

temporary cultivation Subject to their being relinquished by the grantee without any claim for compensation whenever they are required by Govt, Such lands may be resumed after notice to the occupants, if the Ex: Engr considers their cultivation injurious to the tanks.

4. As regards lands in the beds of breached tanks, whether already granted or to be hereafter given out for cultivation, the Govt observe that they are liable to be resumed under para 2 of Rule 16 of the new Land Rev: Rules, without payment of any Compensation, whenever Such tanks are taken up for repair.

5. It is presumed that all the lands shewn in the Statements received from the Distts are comprised in Survey numbers formed by the Survey Deptt at the original Survey or

of the Dy Commrs. Deputy Commrs should, in dealing with applications for lands within the contour line of tanks, unhesitatingly refuse to entertain them whether the lands are already comprised in a Survey number or are proposed to be formed into a Survey number. They will also send up a list of Survey numbers already formed in such beds to the Supdt of Rev Survey with a view to have them brought under "Kharab". With this object, Deputy Commissioners should have the contour line well marked with stones or other marks by the P. W. D.

6. The above remarks should be borne in mind during the resurvey of the State that has recently been ordered and instructions given to the Survey parties to keep clear of the Contour line of tanks in measuring

lands into Survey numbers
for purposes of cultivation
both in regard to tanks in
action and those that have
not been finally abandoned.

7. The Survey Deptt will
also during resurvey take
steps, where the existence of
cultivation in the bed of
tanks is likely to be attended
with injury to the tank,
(on which point the opinion
of the Dy Commr and Ex. Engr
should be final) to have the
land in any existing Survey
number excluded from
such Survey number after
compensation has been paid
to the occupant.
